## LIVE YOUR OWN WAY

Following the success of its Bishopsgate good class bungalow project, property developer BS Capital has introduced three developments that will win the hearts and minds of individuals who take pride in defining their own ideals of fine living.

The Arc at Draycott

## ENCLAVE OF PRIVILEGE – THE ARC AT DRAYCOTT 5 DRAYCOTT DRIVE

Located within the exclusive Ardmore Park—Draycott locale, this freehold development is BS Capital's signature project and the measure of private living at the highest levels of modernity and exclusivity.

Designed by ADDP Architects, The Arc at Draycott with its curved facade is one of the tallest buildings in this ultra prestigious vicinity. This delightful 36-storey abode in the sky conceals an engaging interior you will relish coming home to. For starters, each level boasts no more than two residences, thereby heightening a sense of privacy that's second to none. Inside each unit, glass curtain walls skirt ultra high ceilings, accentuating a feeling of expanse and space. Around you, premium fittings from Philippe Starck, Miele, Gessi and Ulti abound. The Arc's sexy bathrooms are ensconced in premium marble and exquisite fittings bordered by large windows framing the panoramic view of the city. All the better to enjoy a relaxing soak in your tub, as you soak in the magnificent sights and surrounds.

But more than an abode in the city, The Arc at Draycott is also a haven for the active, thanks to the 50-metre lap pool, gym and jacuzzi. Yet the icing on the cake after each grueling workout is surely the knowledge that Orchard Road's finest dining and shopping delights are literally a stone's throw away. Apart from the show flat, all units at The Arc have since been sold.

The Arc at Draycott

Mount Sophia Suites

#### **TRENDSETTER'S CORNER — MOUNT SOPHIA SUITES 95 SOPHIA ROAD**

Tucked away from the hustle and bustle of the city, right smack in the charming “arts village” that is Mount Sophia, it’s no wonder the independent and the adventurous will feel instantly at home at Mount Sophia Suites.

This quaint freehold five-storey apartment building houses 50 units — from 366 sq ft studios to 721 sq ft two-bedroom apartments. Each unit features fittings designed to reflect the taste and needs of their well-heeled, and well-travelled inhabitants. Think De Dietrich and Electrolux appliances, and Hansgrohe and Duravit bath fittings.

Incorporating clever design and innovative use of space, this boutique development comes with a swimming pool, a relaxation lawn, and a gym. So apart from quality fittings inside, there’s certainly no shortage of enjoyable living space outside either.
